

Endangered Animal Charades

Brainstorm some ideas of animals throughout the world that are endangered. Discuss what it means if a species is endangered.

Place the endangered animal cards in a box or bag. These are animals throughout the world that are endangered—not just Australian animals.

One at a time have the Joeys pull out a card. Make sure that no one else sees the card. The Joey that pulls out the card has to act like that animal while the rest of the Joeys try and guess the animal.

Giant Panda

Sumatran Elephant

Sea Turtle

Bengal Tiger
